

2017 GOLDMINER CABERNET FRANC

MOKELUMNE RIVER, LODI, CALIFORNIA

THE WINE:

100% Cabernet Franc from a single vineyard in the Mokelumne River sub AVA of Lodi California. Winemaker Jim Olsen partnered up with Sal Galvan to produce only 5 barrels of this wine in 2017. The grapes were hand sorted and fermented in stainless steel prior to being aged for 15 months in 20% new French Oak barrels. The soils and climate in the Mokelumne River area of Lodi are ideal for producing grapes that have reached complete ripeness and full maturity through slow maturation on the vine. The warm summer months are cooled by breezes coming in from the San Francisco bay and funneled up the Sacramento River Delta.

TASTING NOTES:

Color: flashy ruby - violet

Aromas: wild berries, fresh picked flowers and hints of clay based soil

Flavor & Texture: bright and juicy flavors of raspberry and spiced cherry mingle with wild herbs and whispers of toasted oak

Food Pairing: chicken with a tomato based curry served over basmati rice
