

2011 POMMARD “LES PERRIERES”

**DOMAINE GERBEAUT
BURGUNDY, FRANCE**

THE WINE:

100% Pinot Noir from a single vineyard in the Pommard appellation. The vines average 35 years old. Total production of 125 cases. Open vat fermentation over 18 days. Pommards are famous for being masculine styled Pinot Noirs – not in dark colors but strong structure and tannins

THE ESTATE:

Domaine Gerbeaut is a small, fifth generation family-run winery producing fewer than 2,000 cases per year. The vineyards are spread out across Pommard, Beaune, Volnay, and Meursault. All grapes are grown without pesticides and wines are produced using “old world” Burgundian techniques with minimal intervention, resulting in Terroir-driven wines.

TASTING NOTES:

COLOR: Bright ruby hue with flashes of purple.

AROMAS: Violet flowers highlighted with black cherry and notes of blackberry, whispers of earth and iron ore.

FLAVORS AND TEXTURE: Black cherry and coffee flavors are matched with anise and baking spices. The classic Burgundy style balances long tannins with bright acidity.

FOOD PAIRING: This is a brilliant match for a classic Coq au Vin.
