

2018 Sons Of Eden Studium Sagrantino Sons of Eden, Barossa Valley, Australia

The Wine:

100% Sagrantino from a single property called the Sawpit Gully Road Vineyard in the Keyneton subregion of the Eden Valley with an average vine age of 25 years old. The Sagrantino grape is native to Umbria Italy and is famous for a wine called Sagrantino di Montefalco. The grapes are hand-picked and destemmed and cold soaked for five days. The wine is aged for 15 months in 500-liter French oak barrels. Bottled without filtration.

The Estate:

Sons Of Eden was born from a simple philosophy to produce wines of unique personality and flavor from vineyards of unique character and pedigree. A partnership of two men; Corey Ryan a winemaker and Simon Cowham a viticulturist, whose lives had been spent in and around the cellars and vineyards of the Eden Valley, gave rise to Sons Of Eden. Tapping into the vast resources and knowledge of Simon Cowham, the winery sources grapes from Barossa and Eden Valley's best vineyards. Under the highly skilled guidance of winemaker Corey Ryan, this precious fruit is gently transformed into beautiful and unique bottles of wine. Corey's experience as winemaker for the iconic Henschke Winery coupled with his passion for Barossa wines have produced the results held within these truly brilliant bottles.

Tasting Notes:

Color: deep ruby-violet

Aromas: intense, black cherry and blueberry fruit with sage and hints of smoky oak

Flavor & Texture: ripe black and red fruit and subtle coffee bean notes are woven together with powerful, yet refined tannins

Food Pairing: smoked tri-tip with a coffee and spice rub
